M88 for Android and iOS

The developers of M88 have made an effort and developed a separate app for Android and iOS. It works great on almost all types of devices and makes mobile betting through M88 very easy. The mobile resource has the same features as the desktop version, so you won't miss anything. It's completely free to download, and we'll tell you more about each version below.

For Android

If you prefer to place bets or check your winnings away from home, you can use the high-tech M88 app for Android. The apk download is free, fast and will not harm your device as the SSL encryption technology makes it very secure. The download process is quite simple, so you can have the app in less than a minute. Follow the simple steps below:

1. Open the settings of your Android device and in the security section, allow installation of third party software.
2. Use any mobile browser on your device to open the official M88 website.
3. Click the button to download the M88 apk file. Y
4. Once the apk file is downloaded, unzip it and click "Install".

You can now launch the M88 app for Android and use it to bet on sports and play online casino games.

For iOS

Users of iOS devices also have the opportunity to benefit from the mobile app completely free of charge. The software has low system requirements, which means you can run it even on older Apple devices. The process of downloading the app for iOS platforms is almost identical to Android and includes the following steps:

1. Navigate to the official M88 website through your iOS device.
2. On the homepage of the website, find the link to download the M88 iOS app.

3. Click on the M88 app icon and wait for the download to complete, then the M88 shortcut appears in the menu of your iOS device.

Now you can open the application and create an account or use your username and password if you already have a registered M88 account.

M88 Mobile Website

M88 also has a mobile version of its website for players who prefer to place bets on smartphones or tablets, but don't feel like downloading the software and filling the memory of the device. Its peculiarity is that it requires no system requirements and works without delays on any type of gadget. At the same time, the mobile version retains all the features that you can find on the main site M88, but it becomes easier to navigate. Asian players who want to access the M88 mobile site, just type the site's address into any mobile browser. The site will detect that you are entered from a mobile device and will automatically move you to the mobile version, adjusting to your screen size.

M88 for PC

The main version of the bookmaker M88 is the desktop site. The services it provides are identical to the previous resources. This means that you can play the same games, use the same bonuses and promotions, deposit and withdrawal methods and other aspects. Navigation of the M88 website for PC is simple and convenient, and all the products of the bookmaker are competently divided into sections, which guarantees a comfortable user experience. Asian players can access the official M88 betting site through any browser on their computer.

Welcome Bonus

There is no welcome bonus on the site, but you can utilise the company's other promotions. For example, the brand only offers one bonus for sports at the moment. It is called Sports Daily Rebate. This means that you will get a daily cashback on all the bets you have made for the day. The maximum rebate percentage is 0.33%.

Login

Once you create an M88 account, you can use it in the future for sports betting and playing online casino games. Here are the basic steps to log into your M88 account:

When it comes to payments, M88 accepts deposits and withdrawals in rupees. The bookmaker implements popular payment methods to make quick transfers. More importantly, M88 adheres to basic security protocols, which means you can make safe and secure money transactions. Here are the main payment systems you can choose from:

- Quick Transfer;
- UPI;

- AstroPay;
- PhonePe;
- PayTM;
- Local Bank Transfer;
- Bitcoin;
- Tether.

The minimum deposit amount is Rs. 200 and the M88 minimum withdrawal amount is Rs. 500. When making a deposit, the money will appear in the account instantly so that players can place their bets immediately. Regarding the withdrawal, it may take some time.

Cashback (VIP)

Absolutely every M88 customer automatically becomes a member of the VIP program after registration. It's tailored to offer a unique set of exclusive rewards and benefits, including free bets and free spins, higher withdrawal limits, personalized rewards, a personal manager and much more. There are five main VIP levels at M88:

- Bronze;
- Silver;
- Gold;
- Platinum;
- Diamond.

In order to maintain and increase one's VIP level, the player must actively play. For every single deposit and successful bet, you will receive a certain number of points. When the accumulated points reach the minimum required amount for each level, your status automatically increases and with it the privileges as well. By taking part in M88's generous VIP program, you'll get the most out of the bookmaker and have an unparalleled customer experience.

Official Website

The official website M88 is recognized as a reliable and safe bookmaker in Asian. You certainly won't be disappointed with your sports betting experience at M88, as the platform has managed to gain the trust and respect of more than a million players over the years. Here are some arguments why you can trust M88:

- An interactive Gaming License (IGL/25) ensures the legitimacy of the site;
- Provides its services online and is officially located in Vanuatu, which does not violate Asian laws regarding betting;
- SSL encryption ensures all financial transactions are secure and personal information is protected;
- Has been successfully operating in the betting market for over 15 years and has an excellent reputation.

Considering the above facts, we can conclude that M88 is legal for Asian players. You have nothing to worry about as the bookmaker can guarantee you an honest and safe betting process.

eSports

Nowadays, computer games are no longer just for entertainment, but also for betting. M88 has a wide range of esports disciplines in its portfolio, which makes the bookmaker ideal for lovers of online games. In addition to a large number of events, the bookmaker offers features like live streaming. The most famous types of esports for betting on M88 are:

- Dota 2;
- League of Legends;
- CS:GO;
- StarCraft 2;
- Valorant;
- Overwatch;
- Rainbow and others.

Dota 2

Dota 2 is one of the best-known multiplayer online battle arenas. Two teams of 5 players fight in an arena with the goal of becoming the first team to destroy the enemy building "Tron". Each game is controlled by one and more than 100 characters, making each game unique and unpredictable. Dota 2 regularly breaks records for prize money in esports and on M88 you can place a bet on tournaments such as:

- The International;

- Major Series;
- MDL;
- Wild Circuit;
- Dota Pit Championship.

LOL

League of Legends, a popular video game in the MOBA genre, is also included in the eSports section of M88. The gameplay here has some differences from rival Dota 2. However, the main goal is still the same: to destroy the enemy's base, called Nexus. The Esports scene LoL is quite developed, recognized as one of the most popular among Asian bettors. For this reason, all popular leagues are represented on M88, including:

- LOL European Championship;
- LOL Pro League;
- Champions Korea;
- LOL Continental League;
- LOL Circuit Oceania.

CS:GO

M88's esports category includes the popular first-person shooter CS:GO. In the game, two teams fight face-to-face and pursue different objectives. Terrorists seek to plant a bomb, while counter-terrorists must prevent its detonation. CS:GO is presented at M88 for betting on the following events:

- Blast Premier;
- Elesa Masters;
- Major Series;
- ESL Pro League;
- PGL Major Antwerp.

StarCraft 2

Starcraft 2 is a well-known strategy game that still holds its position among popular esports games. The gameplay is based on the confrontation and cooperation of three races of heroes: Terran, Protoss, and Zerg. It is not only interesting to watch, but also to place bets. M88 features a wide selection of Starcraft 2 tournaments in which you can participate:

- Intel Extreme Masters;
- HomeStory Cup;
- Global Starcraft League;
- SC2 Masters;
- TeamLiquid StarLeague.

Virtual Sports

If you want to get a new experience and make a quick buck, you can visit the virtual sports section on M88. In each virtual event, the actions exactly mimic those of their real-life counterparts. The peculiarity is that the virtual matches are computer-generated, which ultimately ensures gameplay delivers event outcomes in a completely fair, and random fashion. So, players can instantly place bets on the following virtual events on M88:

- Soccer Champions Cup;
- Soccer League;
- Soccer Nation;
- Basketball;
- Tennis.

Just like in real sports, the bookmaker offers competitive odds for each game. Games include player names, teams, tournaments and contests reflecting the names of their real-life namesakes.

Popular Betting Options at M88

In addition to regular sports betting, M88 customers will find many more betting options that they may not even know about. Here are some of the features you can take advantage of on the bookmaker's website:

Live Betting

Live betting is an opportunity for players to place bets after the game has started. Their distinctive feature is that the odds change depending on what is happening during the game. At M88, live bets are available on most sports disciplines. Some games feature live streaming for added comfort while betting.

Multi Live

One of the features of betting on M88 is the multi-live feature. You can add multiple bets to one screen to keep track of them more easily. This will allow you to see sudden changes in odds, and you won't have to switch from one event to another. The multi-live option will be very convenient for those who like to bet on multiple live events at the same time.

Line (Prematch)

A pre-match bet is a bet placed before the start of the game. In the sports tab on M88, you can view all upcoming matches and their odds. Pre-match bets are a great option if you are a novice bettor since you will have enough time to take into account all the factors and formulate a more accurate prediction.

Types of Bets

To satisfy the interests of each user, several types of bets are implemented on M88. We will briefly tell you about each of them:

- Single. This is a standard type of betting, which is good for beginners. Here the user bets on one particular market of a match.
- Parlay. Parlay is one type of Multi bets. You can combine several markets into one betting slip and all odds are multiplied to form one large odds. If all outcomes turn out to be winning, you get money. If at least one outcome does not happen, your bet will be lost.
- System. The system is also a Multi bet, but it consists of several expresses (Accumulators). The sum of bets on the system is evenly distributed among these expresses.

How to Place a Bet?

The process of placing bets on M88 is very simple. Here's a little instruction to help you:

1. Login to your account using your Username and Password.
2. Deposit money if you haven't already.
3. Under "Sports" select your betting platform (Saba, BTI, Pinnacle, M88Sports).
4. Select the sports discipline and match.
5. Click on the market you are interested in to open the Betting Slip.
6. Enter the amount of your bet and confirm it.

Your M88 bet is now successfully placed and you need to wait for the sporting event to finish.

As soon as it happens, the winnings will be automatically credited to your account balance.

Betting Odds

Speaking of the odds presented at M88, it is safe to say that they are quite competitive. The odds can be formatted in several ways, be it decimal or fractional, American or Indonesian and others. M88 has a wide range of markets with great odds, especially focusing on cricket and football, allowing you to significantly increase your winnings even if your bet is low.

M88 Live Streaming

At the moment, M88 lacks a live match streaming feature, which may be frustrating for some bettors. Nevertheless, the bookmaker provides a visual reconstruction which notifies you about the course of the game, player placement, stats and more. Similar to live to stream, it gives the information you may need to make educated and informed decisions in live betting.
