Responsible Gambling, Customer Support & Security

There isn't a responsible gaming page that I could find on the MELbet website, and this is not good. All casinos have a responsibility to provide this information, and MELbet needs to step up to the plate and fix this moving forward.

Customer support can be reached through email, live chat, and telephone. I used the chat and got a hold of a rep in just a few seconds, and they were able to answer the few questions I had related to bonus terms.

MELbet protects player data using 128-bit SSL encryption technology, which is the standard for any website transmitting personal information. You should only play at casinos that encrypt information as not doing so puts your data at risk of being intercepted by hackers.

Terms and Conditions, Banking

Looking through the terms and conditions at MELbet, I couldn't find anything that is egregiously unfair or predatory toward players.

Banking is covered using credit cards, eWallets, bank wires, and cryptocurrencies. The payouts are done quickly, and there are no service charges associated with the methods. Impressively, the minimum payout is usually about \$1.50, which is among the lowest that I've ever seen at an online casino.

There is an impressive slot library in place at MELbet, with games from dozens of developers like 1x2 Gaming, Habanero, Pariplay, and more all on offer. There are so many different games to choose from that I can't imagine you not finding something you like. There are progressive jackpots also available, letting you test your luck for large cash prizes. If you like mobile slots, those are also included so that you can spin the reels with your smartphone or tablet.

Comp Point Program

MELbet has a loyalty program that they launched in 2017. This appears to apply only for the sportsbook, and I didn't see a VIP program for casino games.
